Struktosil 45 AM - Talkum, amino-funktionalized

Struktosil 45 MAM - Talkum, methacryl-funktionalized

Struktosil 45 AM
Talkum,
amino-funktionalized

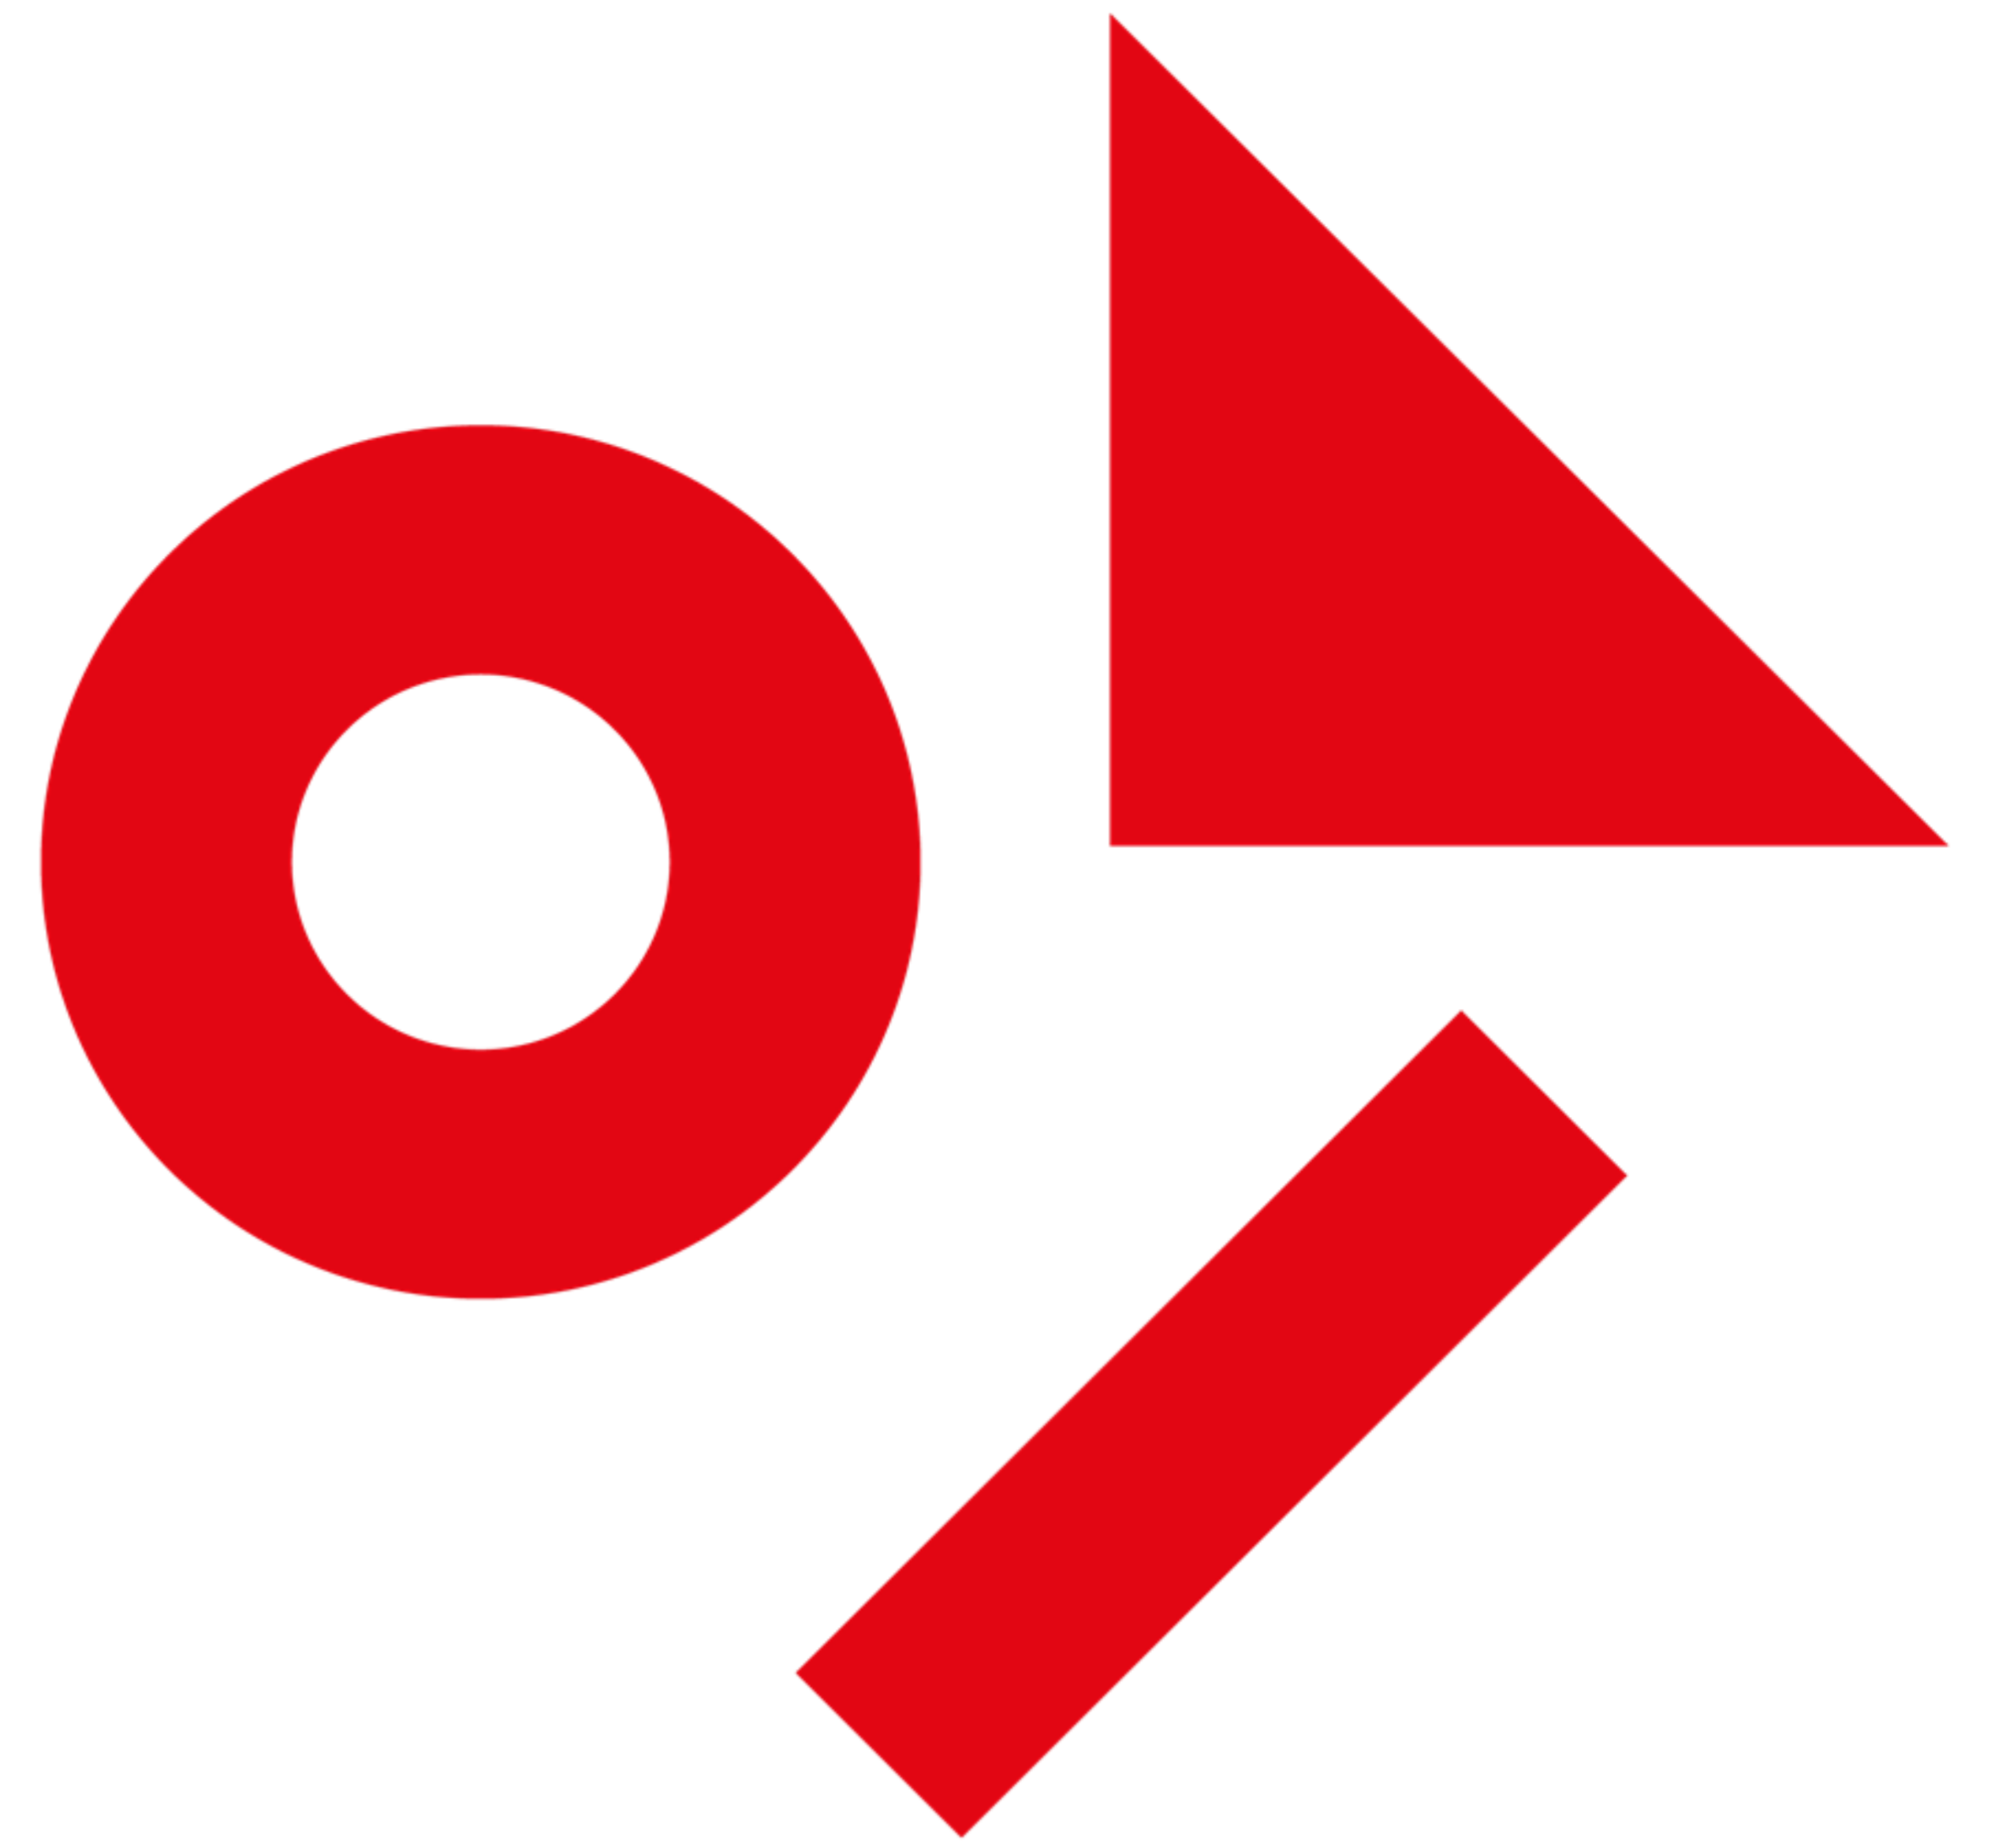

Preliminary product data sheet

Name:	Struktosil 45 AM
Lot:	0924254
Chemical characteristics:	Talkum, amino-funktionalized
Delivery form:	Powder
Storage stability:	2 years

Characteristics	unit		based on
Residue > 40 µm	mg/kg	< 50	DIN EN ISO 787 part 18
Volatile matter at 105°C	%	< 0,5	DIN EN ISO 787 part 2
Air-jet screening method > 125 µm	%	< 0,3	DIN EN ISO 4610
Particle size distribution D ₅₀	µm	3 – 7	ISO 13320:2009 / Cilas
Color CIELAB scale L*		> 97	DIN 5033 / Minolta

The values shown in the table are considered as guidelines only and are based on our present knowledge, however they are no assurance of product properties and established no contract legal rights; slight variations due technical production conditions reserved. The exact chemical composition and concentration of coupling agents / additives is company know-how and thus confidential.

**Struktosil 45 MAM
Talkum,
methacryl-funktionalized**

Preliminary product data sheet

Name:	Struktosil 45 MAM
Lot:	1024247
Chemical characteristics:	Talkum, methacryl-funktionalized
